

Beyond Science and Decisions: From Problem Formulation to Dose-Response Assessment

Agenda

Date: November 13, 2013

Time: 12:00 – 3:00 EST

Location: Webinar

Purpose: To advance the recommendations of NAS (2009) and subsequent framework of ARA (2012) on problem formulation and dose-response analysis, through review of illustrative case studies for further development of methods

Wednesday, November 13th

Welcome and Introductions (12:00 to 12:15)

- Dr. Lynne Haber, Dose Response Advisory Committee

ARA Dose Response Framework Updates (12:15 to 12:45)

- Oliver Kroner, Toxicology Excellence for Risk Assessment

Panel Discussion of Framework (12:45 to 2:00)

- Members of the Science Panel

Continuing Panel Discussion, Observer Comments, Feedback and Closing remarks (2:00-3:00)

Adjourn
